SUMMARY: 1991-92 PELL GRANT PAYMENT AND DISBURSEMENT SCHEDULES

Dear Colleague:

Enclosed are the Payment and Disbursement Schedules for determining Pell Grant awards during the 1991-92 award period -- July 1, 1991 to June 30, 1992. The 1991-92 Schedules consist of six tables for determining scheduled awards and disbursements for full-time, three-quarter time, and half-time students.

During the 1991-92 award period, the maximum Pell Grant award is $2,400, as established by the FY 1991 appropriations act for the Department of Labor, Health and Human Services, and Education (Pub. L. 101-517). The program will be operating at a full funding level of $5.370 billion. The appropriations legislation language includes the elimination of eligibility for less than half-time students and also the elimination of aid officer's discretion.

This payment schedule reflects full funding. However, current estimates project a possible shortfall ranging from $36 million to $129 million. Thus, in the President's FY 1992 Budget supplemental appropriations request, language is proposed for such a contingency that would authorize the Secretary to reduce Pell Grant awards by a uniform amount rather than according to the statutory linear reduction formula. In the event the proposed language is enacted and a shortfall does in fact occur, the individual reductions in student awards could range from about $11 to $38.

The Pell Grant authorizing legislation (the Higher Education Act of 1965, as amended) specifies that a maximum of 60 percent of the cost of attendance will be covered by each Pell Grant award. Because of the maximum grant limit, a cost of attendance of $4,000 or more will not affect the amount of a student's grant (i.e., $2,400/ .60). Each value within the cells of the payment schedule has been calculated according to this statutory provision. In addition, the authorizing legislation mandates that at full funding the minimum award will be $200. Thus, the maximum eligible Pell Grant Index (PGI) will be 2,200.

We should also note that, in accordance with the Pell Grant authorizing legislation, the standard maximum allowance for room and board costs, books, supplies, transportation, and miscellaneous expenses used in calculating the student's cost of attendance for Pell Grant purposes will rise in 1991-92 to $1,800 for students without dependents residing at home with parents and $2,400 for all other students.
